Field Trips

The field trips are designed to complement a particular lecture and are held in the week following that lecture. Tickets for field trips are available only to participants who have registered. Registration is limited by the capacity of the places to be visited, which in special circumstances provide tours not available to the general public. This year field trips are offered under two arrangements: Plan A includes Tour One only; Plan B includes tours two, three and four. Both Plan A and Plan B are offered on a Tuesday or on a Wednesday schedule. Persons desiring to take the complete series of five tours should register for both Plan A and Plan B. Lunchbox is provided on each tour, and in all cases the cost of the lunch, tax and gratuity, is included in the tour price. There are no refreshments on field trip days.

When possible, a Tuesday subscriber may arrange to exchange tickets with a Wednesday subscriber at the time of each lecture. All tours except Tour One will depart from and return to the Downtown Center, 64 East Lake Street.
