            Rebecca Riley, Vice President for Chicago Affairs, The MacArthur Foundation

            Return to Northwestern Station by 3:30 P.M

1992 Program of Tours

Tour One
Tuesday, September 29 • Wednesday, September 30

The Health Care Crisis

Depart from Northwestern Station at 8:30 A.M. As hospitals and clinics close, who is serving the
health care needs of Chicagoans in the inner city? Morning visits will include three community clinics
run by the Chicago Department of Health: the Grand Boulevard Clinic (Robert Taylor Homes),
Englewood Neighborhood Center, and Lower West Neighborhood Clinic. Each serves diverse
populations and needs. As we travel to each facility, department staff will describe the services that are
available. We will lunch at Mt. Sinai Hospital, which is remarkable in that it cares for more public
patients than any other private hospital in Chicago. Its CEO will outline the challenges of managing
health care costs. Our final stop will be at Cook County Hospital, a public, full service facility and
the training ground for over 500 physicians and medical students annually. The incredible statistics
of its medical service will be provided by hospital personnel upon our arrival. Our tour will conclude
with visits to the neo-natal floor, the self-contained trauma unit, the adult emergency room and the
ambulatory screening clinic. Return to Northwestern Station by 3:30 p.m.
Tour Two

Tuesday, October 13 • Wednesday, October 14

Women Who Are Making a Difference

“When you cease to make a contribution you begin to die.” —Eleanor Roosevelt

Depart from Northwestern Station at 9:00 A.M. At the warehouse of Housing Opportunities & Maintenance for the Elderly (HOME) we will meet Lilo Salmon, program director of this innovative agency which focuses on putting dignity into the lives of the elderly. Housing, furnishings, bus service for shopping, weekend meal service and an unique, intergenerational housing program are Ms. Salmon’s consuming interests. We will visit the Three Arts Club which was founded by Gwedelyn Jones, a contemporary of Jane Adams and Mrs. Potter Palmer. This Holabird and Root building reflects Italian inspiration and is a residence for women students of the arts. As we tour this unusual facility, we will learn how it was saved from the wrecking ball. At lunch we will be entertained by some of the students. Our final stop will be at the Eleanor Club, a residence for professional women, where Janet Malone Morrow of Chicago Metro Ethics Coalition, will introduce a panel of three women who head agencies important to Chicago: Eldoris J. Mason, Executive Director of BRASS, a southside agency focusing on substance abuse in women; Virginia Robinson, of Midwest Women’s Center, an organization which helps women achieve self-sufficiency and political parity through job training and placement and literacy education; Connie Evans, Executive Director of Women’s Self-Employment Project, an organization which provides training, technical assistance and loans for low and moderate income women interested in starting their own businesses. Return to Northwestern Station by 3:30 P.M.

Tour Three

Wednesday, October 28 • Thursday, October 29

Electronics: A Revolution in Technology

Depart from Northwestern Station at 7:45 A.M. This tour centers around the recently opened Motorola Museum of Electronics in Schaumburg. We will be led on an easy-to-understand electronic tour with simple explanations of the old-fashioned radio tube as well as the fundamentals of solid state electronics anticipated well into the next century. The developments of the past 50 years, such as the transistor, computer, satellites, and fiber optic cable will help us appreciate and understand exciting future systems. We will be introduced to new inventions including the intelligent vehicle highway system, advanced cellular telephone systems and pocket size phones that operate worldwide, and the intelligent flexible robotized factory. Lunch will be served at the Calvin Center for Continuing Education where we will have a discussion of the continual retraining of the work force to keep pace with rapid technological change. Return to Northwestern Station by 3:30 P.M.

Tour Four

Tuesday, November 3 • Wednesday, November 4

Religious Schools: An Alternative to Public Education

Depart from Northwestern Station at 8:30 A.M. This tour will emphasize alternative schools which are under the auspices of various religions. Chicago’s Catholic school system is the largest private school system in the country and also the seventh largest public or private system in the United States. A significant number of its students are non-Catholic. We will visit two Catholic schools, Holy Trinity High School and St. Stanislaus-Kostka Elementary School, both of which have additional funding from Big Shoulders, a non-profit organization whose contributions are given exclusively to inner-city Catholic schools. Joseph Cardinal Bernardin, Archbishop of Chicago, has graciously invited us to visit his residence where he will brief us on this innovative education-support program. At lunch we shall hear from Dr. James Kirchhoff, Superintendent of the Lutheran School System of the Missouri Synod. The Lutherans operate over 60 schools in Cook County and a majority of their students are non-Lutheran. Our afternoon will conclude with visits to the MCC Full-Time School, a Muslim elementary school, and the Ida Crown Academy, an Orthodox Jewish High School. Return to Northwestern Station by 3:30 P.M.

Tour Five

Wednesday, November 11 • Thursday, November 12

Pow-Wow!

Depart from Northwestern Station at 8:30 A.M. This tour will explore the rich resources of Chicago as a world center for the study of native American culture. At the world famous Field Museum we will have a privileged behind-the-scenes tour of their notable collections and displays of American Indian materials. We will visit the May Weber Museum and the Newberry Library. The small but choice May Weber Museum will be hosting an exhibition on “American Trade Routes” which will include, among other things, many artifacts from the Mitchell Museum in Evanston. The Newberry Library is a repository of invaluable collections regarding American Indians, including the famous Catlin portraits. Luncheon will be served at the American Indian Center. Our special guests at lunch will include descendants of various tribes, all of whom are active in bettering the lot of their fellow native Americans. They will be seated at different tables so that tour members may have the opportunity for informal discussion. One or two of our guests will speak briefly during luncheon. After lunch we will be entertained with a fully-costumed ceremonial pow-wow. Return to Northwestern Station by 4:00 P.M.
**Special Features of the 1992 Program**

- The symposium will be at the University of Chicago. Please note: use of the buses for the symposium is optional; you may drive but carpools are encouraged because of limited parking. Please check the registration form if you want bus transportation.
- Please note carefully dates of tours and varying times of departures and returns. The Symposium will be on a Tuesday. Tours Three and Five will take place on Wednesday and Thursday.
- A lottery system will again be used to insure an equitable distribution of subscriptions. All envelopes postmarked on or before August 7, 1992, and received by the Center for Continuing Studies on or before August 12, 1992, will be placed in a container, and subscriptions will be drawn at random to determine the order in which they are to be filled. "Maxi" Series subscriptions and orders for the symposium only will be processed as they are drawn. "Mini" Series orders will be processed after the others are drawn. No telephone inquiries about ticket orders will be accepted before August 31, 1992.
- Subscribers board buses across from the Northwestern Station on the west side of Clinton Street between Washington and Madison Streets.

**How to Subscribe**

(ORDERS MUST BE RECEIVED BY U.S. MAIL)

All "Maxi" and "Mini" Series orders must include a symposium ticket. Preference will be given to orders for "Maxi" Series and Symposium only. "Mini" Series orders for the symposium plus one or two tours will be processed in the order drawn to the extent that tickets remain available.

It is important for all subscribers to indicate whether tickets for the alternate day of the week or for other tours are acceptable, in the event that the tickets they prefer are sold out. When ordering tickets, subscribers may not request more than two sets of tickets in any one order envelope. If two sets of tickets are ordered, please indicate below the names and addresses of both subscribers. Subscribers who disregard this notice will have their ticket orders returned unfilled.

The color coded tickets are valid only on the dates for which they are issued and must be presented at the symposium and the tour buses. Note: please mark your order form carefully. There can be no changes nor refunds on tour or symposium tickets. No replacement of lost tickets can be made.

Lunch (gratuity included) is provided on all tours. Tours operate on closely coordinated schedules, and the departure of buses cannot be delayed for latecomers. Since program arrangements must be made months in advance, scheduled events are subject to change. Comfortable shoes are recommended for all tours. Smoking is not permitted on the buses. Tour chairs or their representatives may require subscribers whose physical limitations will expose them to danger or will delay the progress of a tour to return to the buses or to withdraw from the tour. Know Your Chicago considers participants without regard to race, color, religion, sex, sexual orientation, age, national or ethnic origin, handicaps, or other factors irrelevant to participation.
